About Us

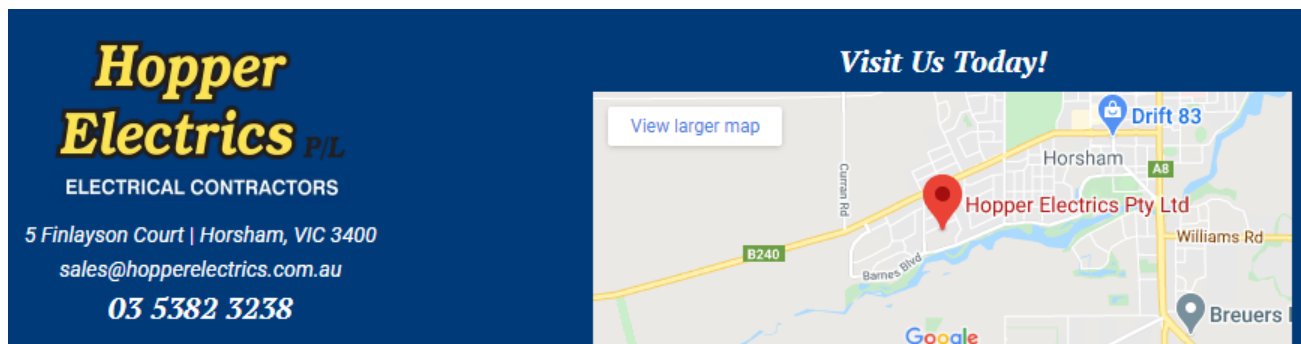

***BEST ELECTRICIAN
HORSHAM***

For over 70 years, Hopper Electrics Pty Ltd has been serving the people of Horsham, VIC and beyond with reliable, just-in-time electrical service. Our mission is and always has been to serve our domestic, commercial and farming customers with respect to our core

values: reliability, quality, professionalism, timeliness, excellence, and reputation.

With those in mind, we are bound to serve you, your family or your business well.

Ours is a family-owned business, begun in 1945 by Eddie Hopper. In 1970, he passed the business onto his son, Noel. Thirty years later in 2000, Rick and Jenny took over the business, continuing the tradition which lives on to this day. We're always proud to look back on our work and all that we've accomplished over the years.
